### **Clock To Be Installed In East Norwalk**

Commissioners Dennis Santella and Stephen Feinstein take great pride in announcing that they have procured a new street clock for East Norwalk. Commissioner Santella has worked with the Verdin Company, manufacturer of clocks since 1842, in the acquisition of the clock. The ratepayers will not have to pay for the clock at all! Commissioner Feinstein has obtained all necessary funding to pay for the purchase and installation of the clock from the Connecticut Municipal Electric Energy Cooperative. The installation of the clock is anticipated to be completed for Norwalk's 350<sup>th</sup> parade. The clock will be installed in front of the East Norwalk Historical Cemetery. All people entering the gateway to East Norwalk or heading to our train station will pass this beautiful addition to the

District. The time will be calibrated by a GPS system and remain accurate.

The East Norwalk Improvement Association will be selling miniature replicas of our new street clock. All proceeds from the sale of the clocks will go to the Improvement Association's Community Fund, for the betterment of East Norwalk. A sample of the miniature is on display at the Electric Department and you can place your order with our helpful staff.

This is another example of the benefits of a public power community working for you!

Artist's rendition of the new clock to be installed in East Norwalk.

Eunice Van Zilen Room

## Check Out Our New Look!

The Third Taxing District has adopted a new logo! Gary Grayson of Tierney Street designed the new logo for the District. The Commissioners enthusiastically voted to adopt this new design for the District. Look for the new colorful mark to start sprouting up everywhere. You will soon see our new design on our trucks, uni-

School's Open  
Drive Carefully!

forms, and stationery. Pretty soon you will see our new logo throughout the District. Gary created a logo that will soon be the envy of the public power industry. We are proud to display our new logo.

Gary can be reached at [www.72hourlogo.com](http://www.72hourlogo.com).

### Library News

#### Open House Volunteers Sought

The library will be hosting a book sale on October 12 & 13, 2001. This will coincide with the open house sponsored by your public power utility. The East Norwalk Fire Department will also take part in the open house. Our li-

brarian, Maureen, needs volunteers to help in the setup and sales of excess books. The proceeds will directly benefit the library.

If you would like to help out in this worthy endeavor, please contact Maureen at the library.

**Public Power Week October 7-13, 2001**

### Giving to the Community

Mr. John Margewicz, owner of Mr. Chubbys, corner of New and First Streets, has donated two new, insulated beverage containers to the District. These containers will be used in the dispensing of beverages at the future events sponsored by your public power utility. Look for the containers containing hot/cold delicious beverages at events like the holiday tree lighting and Menorah lighting. The containers will come in handy throughout the year at events for the ratepayers. The donation helps to reduce the cost of these events. Thank you, John, for your concern in your community and your generosity!
